

KEVIN PAUL KOLOSTYAK

**9850 Genesee Avenue, Suite 740
La Jolla, CA 92037**

EDUCATIONAL DEGREES

**June 2001 St. George's University School of Medicine
Grenada, West Indies
Medical Doctor Degree**

**June 1990 California State University
Long Beach, California
Bachelor of Science, Chemical Engineering**

CLINICAL EXPERIENCE

**July 2005 Neuro-Ophthalmology Fellowship
To Doheny Eye Institute, University Southern California/Keck
June 2006 Los Angeles, CA**

**July 2002 Neurology Residency
To SUNY Upstate Medical University
June 2005 Syracuse, NY**

**July 2001 Preliminary Year, Internal Medicine
To SUNY Upstate Medical University
June 2002 Syracuse, NY**

USMLE

June 1997 Step 1 Score 206(83)

April 2001 Step 2 Score 201(82)

March 2004 Step 3 Score 193(79)

PUBLICATIONS

Jang L, Nguyen D, Kolostyak K, Geesey G. Addition of copper sequestering agents to alginate gel to enhance copper recovery from aqueous media. *1995 Water Research* 29, No. 11: 2525-2529.

Iuorno JD, Kolostyak KP, Mejico LJ. Therapies with potential toxicity of neuro-ophthalmic interest. *2003 Current Opinion in Ophthalmology* 14:339-343

EMPLOYMENT

1998 Gen-Probe Diagnostics: Nucleotide chemistry/DNA amplification research
1994-1995 Amylin Pharmaceuticals: Protein chemistry and process development
1992-1994 Telios Pharmaceuticals: Peptide chemistry and process development

RESEARCH EXPERIENCE

2000-2001 Evaluation of neuro-protective agents against apoptosis induced by cytokines in retinal ganglion cell cultures; histopathological studies of Leber's Hereditary Optic Neuropathy tissue samples from central nervous system. Directed by Alfredo Sadun, M.D. PhD., Dept. of Neuro-ophthalmology, Doheny Eye Institute University of Southern California, Keck School of Medicine

1990-1991 Investigation of divalent cation absorption potential of biopolymers. Directed by Larry K. Jang, PhD., Dept of Chemical Engineering, California State University, Long Beach, California

MEMBERSHIP

2002-Present American Academy of Neurology

2006-Present North American Neuro-ophthalmologic Society

BOTOX ADMINISTRATION EXPERIENCE:

Training in Botox injection Administration for Blepharospasm and Hemifacial Spasm at Doheny Eye Institute, University of Southern California/Keck School of Medicine, July 2005 to June 2006 under the direction of Dr. Peter Quiros.

I have personally performed and supervised residents in Botox injection administration for blepharospasm and hemifacial spasm patients at Doheny Eye Institute and at the Los Angeles County Medical Center, Department of Ophthalmology clinics.
